

Paybacks, Chargebacks and Incentive Administration

SAP Paybacks, Chargebacks and Incentive programs helps manage complex agreements through unstructured or even manual processes that impede thoroughness, accuracy and often result in missed opportunities to recover costs. Without sufficient access to data on supplier pricing, discounts, chargebacks and rebates, there is no visibility into program performance.

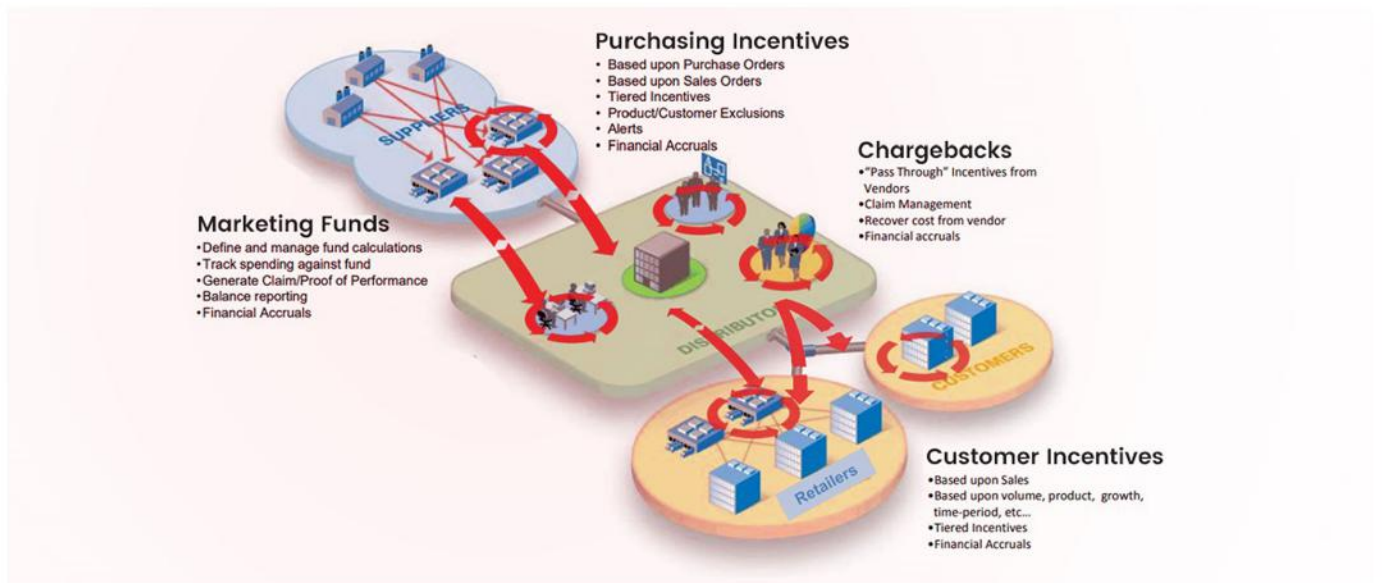

That's where SAP Paybacks, Chargebacks and Incentive Administration comes in, to provide improved visibility to the claims management lifecycle, sales models, distribution channels, promotions and licensing programs with a complete audit trail to data for gross-to-net analysis. Ultimately decreasing cost recovery time with improved monitoring and automation of this complex process.

For organizations that utilize SAP software; Paybacks, Chargebacks and Incentive Administration solution enables you to leverage your investment, innovate, transform and run ahead.

- Reduce manual errors with single point of data entry
- Improve automated calculations, efficiency and approvals
- Make data-driven decisions
- Maximize recovery with full audit trail
- Easily share data within your organization through SAP integration
- Achieve value thru governance, security, and transformation
